CENTRAL COAST AQUARIUM

Marine Debris Monitoring

GROUP NAME:_____ **DATE:** _____

INDIVIDUALS:_____ **START TIME:**_____ **END TIME:**_____

NAME OF BEACH:_____

LENGTH OF SHORELINE:_____
(Avila Beach: 0.5 miles)

INSTRUCTION

---

1. Walk along the shoreline and look for debris items in each category.
2. Record each item using tally marks (|) in the Count column.
3. If unsure about the item, make your best guest or take a photo.
4. At the end, add all tally marks in each category and circle the total.
5. Use the Notes section for observations, unusual items, or location-specific comments!

ITEM COUNTS

Record tally marks for each material type. Add the tallies and circle the final total.
